

Elevate 2.0 (lyrics)

[Intro]

Yeah

Cristofaro

We switching it up

Look

[Hook]

I elevate

Different air

New height

Still rare

O.R. lights

Booth nights

135

Switch lanes

Pressure made

My vision clear

I'm not the man

I was last year

Watch me rise

Watch me change

Cristofaro

Different range

[Verse 1]

Cut the tension

Like a scalpel

I don't move average

Scrubbed all day

Then I leave

Feeling like a savage

Long week heavy

But my mind stays on

Case runs late

Then I'm writing till dawn

Irish queen
In the lab with the focus
PCR running
She already noticed
Formula clean
Chemistry real
She know I'm busy
But she love how I build

Hand on the wheel
Stars thru the glass
VVS hitting
When the streetlights pass
Foot on the gas
Mind on the goal
I don't need luck
I got control

[Pre-Chorus]

I don't ask
I align
I don't wait
I design
New pressure
New glow
Same name
They know
I was down
Not done
Came back sharper
Look what I've become
No fear
No break
Watch me levitate

[Hook]

I elevate
Different air

New height
Still rare
O.R. lights
Booth nights
135
Switch lanes
Pressure made
My vision clear
I'm not the man
I was last year
Watch me rise
Watch me change
Cristofaro
Different range

[Verse 2]

Stepped out my scrubs
Stepped in the booth
Two lives moving
Still one truth
Built for both
Built for the weight
Saving lives by day
Killing beats late

Learned my lessons
Cut through the noise
Lost some comfort
Found my voice
Stress in my chest
Turned to bass in the room
Now that same old ceiling
Sits beneath my shoes

I clean my VVS
Cause I like how it shine
But the real clarity
Been inside my mind

I don't flex for them
I flex for me
I became the man
They pretended to be

Midnight drive
With the city all blurred
No big speech
Let the engine purr
Different gear
Different lane
Different feel
I don't chase dreams
I make them real

[Final Chorus]

I elevate
Different air
New height
Still rare
O.R. lights
Booth nights
135
Switch lanes
Pressure made
My vision clear
I'm not the man
I was last year
Watch me rise
Watch me change
Cristofaro
Different range

[Outro]

Different air
Different lane
Same name
Different range

Cristofaro
Elevate
Clean Margin Music
