

Good On Me (lyrics)

[Intro]

Yeah...

Cristofaro.

Turn that up.

Let's get it

[Chorus]

This looks good on me

I can't even lie

Black tee

Fresh kicks

Shit I clean up nice

Chain shining bright

Hair sitting right

Caught my reflection

Like damn

What a sight

This looks good on me

Yeah it feels right

Got that little bounce

Fuck it

Slow stride

Got off the phone

Still grinning at the screen

I guess feeling like myself

Looks good on me

[Verse 1]

Fresh out the shower

Speaker loud

One shoe on

Still pulling some shit

Turn to the side

Like hold up

Check the fit

Oh
Here's another hit

Sent you a picture
Then I grabbed my keys
Your name lit up
Now I'm cheesing at the screen
First song on
Had to run that back
Still parked
Beating drums on the dash

[Pre-Chorus]
Wait a minute
Let me catch that beat
Turn it up
Now set that mind free

[Chorus]
This looks good on me
I can't even lie
Black tee
Fresh kicks
Shit I clean up nice
Chain shining bright
Hair sitting right
Caught my reflection
Like damn
What a sight

This looks good on me
Yeah it feels right
Got that little bounce
Fuck it
Slow stride
Got off the phone
Still grinning at the screen
I guess feeling like myself

Looks good on me

[Post-Chorus]

Good on me

Feels good on me

[Verse 2]

Fresh air

Clean kicks

Bounce in my step

Mumbling a hook

I ain't even wrote yet

Stop at the corner

Sing it in my phone

Folder full of beats

Waiting back home

Friends at the table

Saving my seat

Slide in

Talk shit

Nowhere else to be

Your laugh from earlier

Still follows me around

Phone in my pocket

Still high off your sound

[Bridge]

Back home

Keys down

Headed to the chair

Catch my reflection

That grin still there

Same smile

Loving the fit

Yeah I might get

Real used to this

[Final Chorus]

This looks good on me

I can't even lie

Black tee

Fresh kicks

Shit I clean up nice

Chain shining bright

Hair sitting right

Caught my reflection

Like damn

What a sight

This looks good on me

Yeah it feels right

Got that little bounce

Fuck it

Slow stride

Got off the phone

Still grinning at the screen

I guess feeling like myself

Looks good on me

[Outro]

Good on me

Feels good on me

Cristofaro

Feeling himself

Hard not to

With a lady like that

Sheesh

Clean Margin Music

I'm out

[End]
